VETERINARY IMPORT PERMIT FOR HEAT TREATED POULTRY MEAT PRODUCTS FOR HUMAN CONSUMPTION MANUFACTURED FROM POULTRY MEAT OF BRAZIL ORIGIN EXPORTED FROM NAMIBIA TO SOUTH AFRICA

[Issued in terms of the Animal Diseases Act, 1984 (Act 35 of 1984)]

Authorisation is hereby granted to import into the Republic of South Africa **72 PALLETS / 425g POUCHES CHICKEN LIVERS IN SAUCES**
From Namibia subject to the following conditions:

1. The following original documents must be presented to the state veterinary official at the port of entry:
   - This original permit and
   - The original veterinary certificate, as per the overleaf of this permit, duly completed and signed by an official veterinarian authorised thereto by the government of NAMIBIA

2. The product described above may only be imported through the port of entry of VIOOLSDIFT/ NAKOP/ KOPFONTEIN/ RAMATLABAM.The estimated date of the arrival of the consignment must be timeously reported to the State Veterinarian, **VIOOLSDIFT/ NAKOP/ KOPFONTEIN/ RAMATLABAM** tel: **027 761 1060/ 054 751 0001/ 018 365 1211/ 018 365 1007**, fax : Under no circumstances may the meat be off-loaded without the written permission of the State Veterinarian or his/her representative.

4. The importer is responsible to ensure that all import conditions stipulated on this permit have been met.

5. This permit does not absolve the importer from compliance with the provisions of any other legislation relating to this import.

6. This permit is valid for one consignment only and for a period of 6 (six) months.

7. This permit is subject to amendment or cancellation by the Director Animal Health at any time and without prior notice being given.

DIRECTOR: ANIMAL HEALTH

NOTE:
a) This permit does not give exemption from any prohibition or restriction imposed by any other existing legislation upon the importation of meat products into the Republic of South Africa.
b) Any consignment imported into South Africa packed with either wood packaging material or dunnage, will require treatment to remove any pests present (by heat or methyl bromide fumigation). Treatment must be indicated as per IPPC prescript on wood packaging material. [Directorate: Inspection Services Tel: 012 309 8754 or Fax 086 732 4768 or www.daff.gov.za

EXPORTING COUNTRY: NAMIBIA
ISSUING AUTHORITY: DIRECTORATE OF VETERINARY SERVICES
PRODUCT BEING CERTIFIED: PROCESSED CHICKEN LIVERS
COUNTRY OF DESTINATION: Republic of South Africa

A. CONSIGNMENT DESCRIPTION:

1. Description of product: PROCESSED LIVERS
2. Number of packaging units: 48510
3. Net weight: 20616 kg
4. Gross weight: ...
5. Product manufactured from (species): POULTRY
6. Batch/Code numbers: SEE ATTACHED
7. Production date: JAN & AUGUST 2025
8. Storage and transport temperature: AMBIENT
9. Storage life: THREE YEARS
10. Nature of packaging: POUCHES
11. Markings of packaging: GOSHEN CHICKEN LIVERS IN GRAVY
12. The processing of products was done at facility name: AFRICAN DELI PTY LTD; number: NA 31; location: WALVIS BAY

B. DESTINATION OF PRODUCTS:

1. Place of dispatch (load port): AFRICAN DELI PTY LTD
2. Country and place of destination (discharge port): RUSTENBURG, RSA
3. Means of transport (Voyage/flight number): ROAD
4. Bill of landing/Airway Bill number: N/A
5. Container number: HBS 366L, FJW 653 L, FJW 649 L
6. Seal number: 882511 – 882520
7. Name and address of consignor: AFRICAN DELI PTY LTD, TREKKOPJE STR, WALVIS BAY
8. Name and address of consignee: GOSHEN FOOD SOLUTIONS, 13 MOHOGANNY CRESCENT, RUSTENBURG, RSA.

C. HEALTH ATTESTATION:

I, the undersigned, official veterinarian of the issuing veterinary authority of NAMIBA, hereby certify that the products described above, meet the following requirements:

1. The product does not contain any animal material except for poultry meat that was produced in BRAZIL, and legally imported from BRAZIL to NAMIBIA.

2. The product has been subjected to a process to ensure inactivation of the NCD & HPAI viruses in accordance with the recommendations of the World Organisation for Animal Health (OIE) Terrestrial Animal Health Code.

3. The poultry meat used in the manufacture of the final meat product was derived from animals which were:
   (a) born, reared and slaughtered in BRAZIL at approved establishments;
   (b) subjected to both ante and post-mortem veterinary inspection, found to be free from signs of disease and the meat is safe and suitable for human consumption;

4. Brazil is officially free of highly pathogenic avian influenza, and was at the time the meat was produced.

5. In the case of canned/ retorted products:
   (a) Needs no refrigeration before opening and has been treated in hermetically sealed containers with an Fo value of at least 3;

6. The processing of products was done at the above mentioned facility, approved by the veterinary authority of NAMIBIA, and takes place under adequate hygienic conditions, which preclude contamination of raw materials and finished products; and where efficient and adequate checks are carried out to ensure maintenance of microbiological and hygiene standards, and efficacy of treatment; and where appropriate health marking and identification of products are carried out.

7. The manufacturing procedures were approved by the exporting veterinary authority and were properly applied to ensure efficacy of treatment.

8. The said products, their wrappings or packaging, bear a mark proving that they all come from veterinary approved facilities as indicated above.

9. The storage and transport conditions are in compliance with acceptable hygiene standards, to ensure temperature conservation relevant to the particular product.
